NEW YORK - March 14, 2024 - Award winning film composer Hans Zimmer announced he will bring his smash-hit tour *Hans Zimmer Live* to North America this Fall with arena dates across the United States and Canada, including a birthday show at the iconic Madison Square Garden. Following a sold-out European run, the tour marks the North American return of the "Hollywood Rebel" (according to the BBC) who rocked Coachella in 2017. With the support of his outstanding 18-piece live band and a full orchestra, audiences will be swept away from the sound of the first note and journey through an array of well-loved scores throughout Zimmer's career. *Hans Zimmer Live* kicks off in Duluth, GA at the Gas South Arena on September 6 and will visit 17 cities across the U.S. and Canada, concluding at the Rogers Arena in Vancouver, BC on October 6.

Tickets can be purchased at www.hanszimmerlive.com starting March 22 at 10am local time.

In a groundbreaking audio and visual show, the multiple Academy Award® and Grammy winning Zimmer, his band and the orchestra will perform a selection of the composer's scores from some of cinema's biggest films. The newly arranged concert suites include music from **Gladiator**, **Pirates of the Caribbean**, **The Dark Knight**, **Interstellar**, **The Lion King**, **The Last Samurai** and **Dune**, for which Zimmer received his second Academy Award®.

"I'm thrilled to return to perform in North America with my wonderful band and excited to share this phenomenal show," said Zimmer. "I love this feeling of uniting my family of extraordinary musicians with you, the audience. Just an unbelievable group of talents, who in my opinion, are some of the best musicians in the world. But nothing would have meaning without the good grace and support of you, the other part of the family – the audience. Ultimately, the music connects us all, and I promise you this: we will always play our best, straight from the heart."

Hans Zimmer's extraordinary melodies and modern compositions captivate a huge worldwide fan base across generations. He has already energized countless international cinema blockbusters,

in addition to the above: *James Bond – No Time to Die, Inception, Dunkirk, Man of Steel, The Dark Knight trilogy, Wonder Woman, Kung Fu Panda, 12 Years A Slave, Top Gun: Maverick, and Dune: Part Two.*
